Little Red Riding Hood loves to visit her granny's cottage in the forest. Her mother warns her to go straight to her granny's.

She meets the handsome grey wolf and she doesn't see the harm in stopping for a chat.

The wolf ran through the forest towards granny's cottage. He went inside and swallowed granny in one big gulp.

Little Red Riding Hood goes to granny's cottage and doesn't realise that the wolf is disguised as granny and wanted to eat her.

The wolf opens his mouth and swallowed Little Red Riding Hood. The hunter saw the wolf, cut his belly open and filled it with stones.

Not knowing that he had stones in his belly. He went outside for a drink from the river and fell in.
